*The amendment to the specification to add in a cross-reference to a related application is not entered due to the fact that the amendment which concerns priority was untimely filed. It is stated in 37 CFR 1.78(a) that in order to claim benefit of an earlier filing date under 35 USC 120 and 119(e) that the specification must be amended to contain a reference to each such prior-filed applications. This reference must be submitted during the pendency of the later-filed application and submitted within the later of four months from the actual filing date of the later-filed application. A petition with a statement that the late filing of the priority claim was unintentional is required.*
